Covers: Blogs Sitemaps Search Engines Directories YouTube Flickr Forums Viral and buzz communities Products and Services Also included: How to use Youtube and Flickr for higher search engine rankings.

----- -REVIEWS NOTE- ----- To gestroud: Thank you so much for your review! Book has been edited now, thank you for spotting the errors. The reason it was \$2.99 is because I was new to KDP and did not know how to set a lower price! I honestly wanted a lower prcies to start off with. I also understand that you can find these tips easily anywhere on the internet, however I wanted as quick tips guide for beginners to get up and running without running into the many scams online and feel left puzzled. This ebook gives gives them the short instructions needed to get the ball rolling for their site. To R. M. Smith: Thank you so much for your review! This is not an attempt to cover SEO in four pages, as the title clearly says Top 10 Quick Tips. Also as mentioned above, I did not want this to be \$3,

especially not for four pages. I have looked into this and carefully priced it now. To add, If it does work for Googles Algorithm as you said does not necessarily work for Bings or Yahoos, etc but it can do. For example, the keyword definition mobile technology is number 9 on page 1 on Bing.com and its positioned on the same page, page 1, and same position, at number 9 too on Yahoo.co.uk. However on Google it is not, instead it ranks one of my other keywords on page 1, definition mobile technology, which has a general position of 2 or 3. This keyword has been on page 1 of Google since 2011.
