

## Trojan Horse (Eyewitness Readers)

This Level 4 reader is suitable for Grades Three to Five pupils, and is part of a four-level programme of narratives for beginner readers. Written in association with the National Literacy Trust, this book is one of a structured programme which children can work through from basic word repetition to real-life accounts of the San Francisco earthquake. The books are chosen not only because they appeal to the correct age group but also because they are gripping and really grab and hold the readers attention.
