

To Die Before Death: The Sufi Way of Life

This book uncovers the mystery of death, explaining exactly what does happen when a person dies where his soul goes, and what kind of form it will take after the body expires. M. R. Bawa Muhaiyaddeen (Ral.) explains what determines the time of death, what the angel of death is; how one can escape from hell and rebirth, what happens when a body is cremated and when a person has donated organs and what will literally happen from the moment of death to the questioning in the grave. Most importantly, M.R. Bawa Muhaiyaddeen (Ral) explains how to live our daily lives understanding that death is always near.
