

Rules for Corporate Warriors: How to Fight and Survive Attack Group Shakedowns

Nick Nichols pulls no punches in this rousing defense of the free enterprise system. He's fed up with the corporate cowardice so prevalent among today's executives who caved in to just about every leftist cause that comes along - and he says so! His advice? Fight back! Nick Nichols says, I wrote this book in the firm belief that something can be done. We do not need to stand by while radical activists cripple the economic heart of our society. Rules for Corporate Warriors is chock full of courageous stands, savvy strategies, and in-your-face zingers - all backed up by years of in-the-trenches experience as a crisis manager for major corporations. We should proudly defend corporate America, says Nick Nichols, not meekly raise the white flag when its radical opponents make their demands. Who are tomorrow's corporate warriors? Nick says, If you own a business, own stock in a business or work in a business, I wrote this book for you!
