

# The Christmas Bear

Its Christmas Eve, and Cub has fallen through a hole in the North Pole and landed smack in the middle of Santas workshop. The elves are busy making toys, wrapping presents, and addressing packages, so Cub is treated to a tour of the workshop led by none other than Santa himself! At the end of the night, theres a special surprise in store for Cub -- he gets to go for a ride on Santas sleigh. Paul Sticklands extravagant paintings infuse this tale...with magic and wonder. -- Publishers Weekly, starred review
