

Lions and Other Animals That Stalk Prey (Awesome Animal Skills)

Some animals have developed special skills for hunting, and that's bad news for their prey! Lions are known to stalk when they hunt, quietly pursuing their prey until they're ready to pounce. Readers will learn about the lurking lion and other stealthy animals, such as polar bears, komodo dragons, jaguars, and great white sharks. This book provides a fascinating introduction to each animal, including fun facts on their physical characteristics, habitat, and social structure, while describing their individual stalking technique. Readers will delight in the book's information-rich text and stunning images, which are supplemented by a variety of riveting fun facts.
