

Baby Rodents (Its Fun to Learn About Baby Animals)

Children will be intrigued by photographs of different kinds of rodents from cute baby chipmunks to chubby capybaras. Easy-to-understand text explains in which habitats rodents live and how their babies are born and raised. Young readers will also learn about rodent teeth, rodent diets, how different rodents move, build their homes, and which rodents are popular pets. Children will also be introduced to animals, like rabbits, which are often mistaken for rodents, but are not rodents.
