

Light (Science Q & A)

Science is a part of our lives, from weather to construction and health to ecosystems. The books in the Science Q&A series illustrate for young readers how science touches and shapes our daily lives. Spectacular color images highlight fascinating facts that will engage and excite young minds. In addition, each book in the series offers exciting challenges and hands-on activities. This captivating series leads to an understanding and appreciation of the important role that science plays in the world around us.
