

# One Last Promise

Young Howdy Spires, orphaned, and alone, is given to his aging grandmother living on a neglected farm, simply for a place to live. There, he wants what he doesn't have, a friend or playmate. Mimii, an aging elephant wanders away from its owner, finds Howdy, befriends him, and each supplies the other's needs. The story paints a panorama of wonder seen through a child's eyes, will take you through laughter and tears, and to watch the development of a means of communication between a young boy and an old elephant. The ending of the story is as unusual as the setting and the event, but will warm the heart of young adults as well as any adult who reads it. This book received publication through the Amazon Breakthrough Novel contest, 2007.
