

International Finance (Classic Reprint)

American readers have hitherto been very little troubled, being freed from its intricacies by the fact that their own country, with its boundless powers and resources awaiting development, has clamoured for all the finance that they, and others, were able to put into it. Now they suddenly find themselves international moneylenders on a great scale and it may interest some of them to read about the machinery of moneylending among nations, as it has been practised by the investors and financiers of the Old World, and then to enjoy the unusual happy privilege of benefiting by the experience and mistakes of older countries. (Typographical errors above are due to OCR software and do not occur in the book.) About the Publisher Forgotten Books is a publisher of historical writings, such as: Philosophy, Classics, Science, Religion, History, Folklore and Mythology. Forgotten Books Classic Reprint Series utilizes the latest technology to regenerate facsimiles of historically important writings. Careful attention has been made to accurately preserve the original format of each page whilst digitally enhancing the aged text. Read books online for free at www.forgottenbooks.org
