

International Hotels: Development and Management

Introduce students to the exciting world of international hospitality with this extensively-revised textbook that explores key issues in global hotel development and management. Students will learn about new trends and developments that have changed the context of international hotel operations and management and explore international policies affecting travel, tourism, and hospitality development. Topics include: Trends in global distribution systems, sustainable development, new hotel products, and consumer demographics. Growth and importance of China, India, and the Middle East as destinations for hotel development and management. Country-specific policies regarding investment regulations, visa programs, hotel classification systems, and travel advisories.
