

# City Tourism and Culture - The European Experience - El turismo urbano y la cultura (Spanish Edition)

El proposito de este estudio, como se explicaba en la convocatoria de licitaciones, es lograr que los miembros de la CET (las organizaciones nacionales de turismo de 33 paises europeos), las ciudades y oficinas de turismo europeas y los miembros de la OMT conozcan mejor el sector de los viajes culturales a ciudades. El principal objetivo es crear un marco conceptual con un planteamiento estructural que pueda utilizarse de forma generalizada en actividades concretas de marketing, especialmente en cuestion de comunicacion y desarrollo de productos. Ademias, el estudio contiene un inventario y un analisis de los datos cuantitativos disponibles sobre el turismo urbano y cultural y un repaso cualitativo de la oferta.
