

## Cases in Consumer Behaviour

Cases in Consumer Behaviour Cases in Consumer Behaviour contains a selection of case studies which examine different aspects of the behaviour of European consumers. These case studies consider, amongst other issues, personal consumer decisions and interactive household decision making; cultural and social effects on consumer behaviour; new product development and diffusion in different countries; marketing communications; and consumer satisfaction and welfare. This casebook is closely related to, and is recommended for use with, Consumer Behaviour: A European Perspective by Gerrit Antonides and W. Fred van Raaij. Features of the casebook include: \* The authors of these cases are drawn from nine different European countries: United Kingdom, Ireland, Sweden, Germany, Austria, The Netherlands, France, Greece and Hungary \* The cases reflect the consumer perspective on marketing problems \* Each case presents a practical problem in the consumer area and poses questions for the reader. An Instructors Manual is available from the publisher for lecturers using the casebook.
