

Cuddly Lamb (Books on the Go!)

Barrons growing collection of Books on the Go! are becoming favorites among babies and parents alike--and heres a brand-new title! Its soft, fluffy plush cloth animal doll that opens up to become a book! When opened, the simple color-illustrated story on cloth pages will amuse toddlers. When closed, the books front cover takes on the fully dimensional form of the friendly animals face and front paws. A Velcro-tipped tail extends from the back cover. It can be looped around and attached to the edge of a car seat or baby stroller when toddlers are on the go with Mom and Dad. At home, the Velcro tail can be joined to the front cover to keep the book closed. A fabric handle at the books top encourages toddlers to carry it around with them.
