

Albert and Lila

Once there was a farm where many pigs and many chickens lived in cordial but distant contentment. They were all very polite to each other, but no pig ever played with a chicken and no chicken ever played with a pig. Not, that is, until Albert meets Lila. Both are outcasts: Albert ridiculed because he is the only white pig on the farm and Lila exiled from the henhouse because she is too old to lay eggs. Naturally, the other animals shake their heads over this odd couple. But Albert and Lila don't care. They're having too much fun together. And when they come up with a cunning plan to outwit the fox, they transform the farm into a safe and happy haven filled with friendship and fun for all.
