

Head Hunter (Lorimer Sports Stories)

As captain of the Westside Warriors, Colt plays clean and hard. But lately his coach has been losing his temper and ordering the team to win at any cost, even if it means playing dirty. What makes it worse is that Coach is Colts father, and his erratic behaviour at home and on the field has Colt wondering if something is seriously wrong with his dad. Colt follows Coachs orders to go head hunting and take out an opponent with a helmet-to-helmet hit, but Coach then claims that Colt acted on his own. When it turns out that Colts dad has symptoms from concussions he suffered in his NFL career, Colt is made acting coach for the championship game. But will he let a teammate continue playing after a hit to the head, even when the teammates own dad is urging him to play through the pain? This book explores the dangers of concussion in contact sports and the lasting damage they can cause in the context of an action-filled football story.
