

Fabulous Foreplay: The Sex Doctors Guide to Teasing and Pleasing Your Lover

Whether you're single or married, having a pleasurable and fulfilling sexual relationship includes devoting time to seduction and foreplay. All too often, dissatisfaction in a couple's sex life is due to the fact that they've forgotten how to seduce each other. Couples are often guilty of skipping foreplay altogether, instead going straight to the already established pleasure zones that once turned their partner on but which may no longer do so. Dr. Pam has written this book to revive the neglected art of seduction, with tips and tricks specifically designed to stimulate each of the sexual senses: touch, sight, taste, smell and hearing, as well as the sixth sense, intuition. Packed with unique seduction and sex techniques for both new and established couples, *Fabulous Foreplay* offers sexy, easy-to-follow advice for even the most experienced lover.
