

Mouse By Mouse

Mouse by mouse, ten little ones come together in a green glade. In this playful, clever counting book, half-page panels alternate with full pages to introduce mouse characters who are investigating scraps from a human picnic. Children will delight in each characters antics, and theyll giggle as mice navigate giant tea cookies, looming soda bottles, and a wading pool made from a paper plate! The pictures and rhyming text keep things clear and simple by identifying each mouse with its number in the sequence. Artist Julia Noonans exceptionally sweet illustrations combined with the full-page/half-page format make this a fun and novel way to learn.
