OVERCOME YOUR FEARS AND TAKE CONTROL OF YOUR LIFE AS YOU LEARN HOW TO CHALLENGE THE DISRUPTIVE BELIEFS THAT ARE FEEDING THOSE FEARS Read on your PC, Mac, smart phone or Kindle device. This book will start you on your journey to overcoming your fears. We all have fears that restrict us, But what if the fear of a particular situation or feeling is dominating and even destroying your life? What if your over-the-top fears about trust are destroying your relationships, and causing mischief wherever they crop up in your life? What if that fear of heights or of flying is slower growing larger and larger, until it is actually holding you back in life? Dont let fear rule you any more. Fear has no place as the controller of your life, and now is the time to take your power back and move on. What would you do if you werent afraid? This is a question that many people have asked throughout history. I most recently read it in Sheryl Sandbergs book Lean In. It was as powerful reading it in her book as it was the first time I heard it many years ago... What would you do if you werent afraid? This is such a powerful statement because it causes us to stop and consider. It strikes at the heart of what we subconsciously know: that we are constantly held back by our fears. It also strikes at the heart of our very deep desire to NOT be held back by our fears. Read this book and start yourself on the process to truly deal with those moments of debilitating fear, instead of just being buried by them. Learn some strategically helpful new tools, and be amazed as you truly experience triumph over those fears that have held you back! This is an easy to read, and incredibly helpful book. The aim of this ebook is to not only help you understand what is going on under the surface, but to also give practical strategies to give you hope and a road to recovery.
