

Fear This Book: Your Guide to Fright, Horror, and Things That Go Bump in the Night

Who knew that fear could be so much fun? With wacky humor and childlike curiosity, Jeff Szpirglas explores what people are afraid of and why, and what fear does to their bodies and brains. Fearsome facts keep readers on the edge of their seats as they take a deliciously spine-tingling trip through the unknown and in the process, learn to confront their own phobias. From superstitions to ghosts to monsters, vampires, snakes, spiders, nightmares, thrill rides, and more, Fear This Book comes at fear from every frightening angle. Witty cartoon illustrations underscore the book's lighthearted approach to a serious subject.
