

Federal Fear Factors: How to Eliminate Fear and Make Money in the Federal Market

When a company starts to plan their future, one market niche that might be considered is the federal market. Entry to the market, as we shall see, requires planning, however, once your company develops the right footprint the federal market can be a source of new projects. But a company must invest time, money and dedicate an employee to the cause in order to enter and successfully compete. Basically, your companys business plan changes. New companies enter the market every day and the federal market becomes a key market niche. But many companies dont even try because theyve heard bad stories. The purpose of this book is to bring these concerns to light and discuss the federal contract opportunity.
