Rituals might only be done once every blue moon. Open the gates and call forth the raw forces of creation. Push yourself farther than ever before. See what adventures await you. All together there are works that will banish demons, and modify the spirits around you. You will learn what an array is, how it functions, and how to push yourself beyond what has become the acceptable and the common. This art will help you, as it integrates into your own practices, and understandings. The more you use it, the more you test out the mechanics within, and compare it against your own understandings. It is sure to be of benefit on your journey. Providing keys of understanding of the material contained. This grimoire brings to life a new perspective on the ancient art of sorcery, from a non denominational standing. There is no dogma here, make up your own mind, and let the magicks flow my friends. Let us walk the path of creation together, between the formed and the formless. Let us be the ones to conjure up the nameless, and give them understanding. From this journey we shall emerge the better. B. Lovering This is the goal of this series. The Grimoire of Art is the First in the series.
