

## Gold Camps & Silver Cities

Originally Published as Bulletin 22 from the Idaho Bureau of Mines and Geology, Gold Camps and Silver Cities is the most historically significant publication on Nineteenth Century Mining in Central and Southern Idaho. The Author describes the history and production of the districts in vivid detail and over 130 historical photos many never seen before this publication help to give the reader an accurate history of what mining was like back then. Must have book for the Mining Historian and modern prospector alike. Now back in Print by Miningbooks.com
