

Calm Down, Boris! (Puppet Pop Ups)

Boris is such a lovable monster but he gets so carried away! In this interactive new series by award-winning creator Sam Lloyd, kids will delight in the book and hand puppet format that can be used to act out the story. Before Boris can go to the park to play, kids will brush his hair (don't forget to check for bugs!) and feed him some delicious picnic treats (be careful he doesn't nibble your fingers!). But Boris has scared off all the other little monsters with his enthusiasm and tickly kisses. How will he ever make friends? His big moment comes when a mean dog jumps a fence and Boris saves the day!
