

Bunny (Chunky Pets)

The newest in Barrons appealing series of Chunky books are four friendly animals with rolling button eyes on faces that extend from their front covers. The books have simple, cheerfully illustrated stories inside to entertain toddlers. The extra heavy board pages are solid enough so that when the book is closed, the animal can stand up on its own. This story's little boy keeps Robbie, his rabbit, in a comfortable cage, though he often lets his pet come out to play.
