

JUDAS ISCARIOT

It is only in these three stories, which I have ventured to put together as a ** Biblical Trilogy, that he has treated of biblical subjects, and has transported his readers to Palestine and Rome. Biblical subjects are always of interest to the English reader. At the same time, there are many who may deem it irreverent to treat of the Gospels in the form of a romance. One can sympathize with such objectors, although feeling bound to disagree with them. For there would seem to be a distinct advantage afforded by this imaginative treatment. Does not the constant reading of the acts and word; of Jesus and His disciples in the same familiar language tend to stereotype the narrative, and so cause one to forget that the Gospel characters were men of like passions with ourselves, and not mere lay-figures on which to hang certain doctrines ? When, on the other hand, one reads such romances as Ben Hur, Renans Vie de Jesus, Barabbas, or Judas Iscariot, the scenes become more vivid and real, and the characters stand out in their individual distinctness, so that, even though one may not, perhaps, agree with the view.^ of the particular writer, the perusal of the romances is never without its peculiar profit But these tales must be approached in a somewhat different spirit to that in which one would view most of those mentioned above. For the treatment here is more than usually unconventional. The reader must prepare himself for shocks shocks to his aesthetic taste shocks to his religious susceptibilities. To take, as is only right, the religious side first. In these stories Jesus is represented merely as the Man Christ Jesus. The opening words of * Judas proclaim : Ecce Homo; for we are told that Jesus had been long warned against Judas, whereas in John vi. 70 we read, that He foreknew that one of His Apostles was a devil. And so throughout the story He is looked on as a mere human teacher; but nothing is ever said about His

life and teaching which is not consistent with the profoundest respect and appreciation.
