

Carmen Cooks Healthy!: Represent and Solve Problems Involving Division (Math Masters: Operations and Algebraic Thinking)

Real-life situations and relatable narratives introduce students to the principles of multiplication and division, an essential part of third-grade math. Age-appropriate language encourages learning, which will help readers to become fluent in more complex math topics. Engaging visuals complement high-interest topics, while visually appealing designs help to make the math concrete. Readers will join Carmen as she learns how to cook and eat healthy while gaining a deep understanding of division. This volume meets CCSS Math Standard 3.OA.A.3.
