

Teachers Pet (Maya & Miguel)

Usually Paco is a chatty parrot, but hes been too quiet lately. Maya thinks hes silent because hes alone all day, so she sneaks him into school. When Paco escapes, its up to Miguel to capture him before the parrot breaks every school rule. Will their runaway pet get the twins in trouble with their teacher . . . or will birds of a feather flock together? A new TeleNovel based on an exciting episode from the new hit TV show -- totally told in pictures!
