

ELKY THE JEWISH ELF

Elky the Jewish Elf is an epic adventure story about sibling rivalry transforming into true brotherhood. Elky is dying of Progeria, a rare and incurable disease. It causes him to look like an elf. His brother, Michael, feels sibling rivalry due to the attention his dying brother receives. He knows it's wrong. Still, he doesn't know how to reconcile his confusing feelings. His solution arrives when a street performer offers Michael a chance to bring Elky back where he belongs, with Santa in the North Pole. And off they go.
