

Mouse in the House

EEK! A mouse! I cannot have a mouse in the house! cries Nana Quimby, sending the family on a frantic adventure as they try to rid themselves of first the mouse, then its troublesome successors. From an owl to an elephant, the Quimby family pets devour shoes, steal lunch, quarrel with skunks, uproot trees, and soon convince Nana that there are worse things to have than a mouse in the house. With a text that's great for reading aloud and zany illustrations full of hilarious details to discover, this latest book from the Hassetts is lighthearted, fun, wildly imaginative, and sure to delight.
