

Peach Plays Pretend

Peach Plays Pretend is Vincentian-born Kamla Karina Millwoods third book in the Peach The Duck series. How she does it - no one really knows. She has the ability to envision an entire story and create a masterpiece from start to finish - literally in one day. Her focus is intense, her passion to write is a gift and she does not take it lightly. Kamla knows that she has a responsibility to ensure that Peach remains a positive anthropomorphic character in all of her Peach The Duck series books. She rewrites pages until she is satisfied, she reviews final proofs before they go to print to ensure that all necessary edits have been made. If a comma is present where it does not belong, she ensures that it is removed before she concludes that the product is ready. She is a hardworking professional who prides herself on producing the best work possible. Kamla said Sometimes you have to sacrifice a full nights sleep to meet a deadline, but it is worth it. I created Peach for the world to enjoy. When I see the faces light up on children and adults when I read the Peach books, it makes this journey even more rewarding.
