

## Euclids Boys League All-Stars

Euclids Boys League All-Stars is based on the actual achievement of a 1979 youth baseball team who finished that August summer with a 21-game winning streak and 5 tournament championships. This is a simple story when Jimmy Carter was president and there was no team USA to boost morale. These Fifteen 12-year-olds were able to bring a suburban community together in a surprising variety of heart-stopping games the pros would have been proud to watch. They were not christened the Cardiac kids, at the time, in a local newspaper for nothing!
