

Grant Me the Serenity

Spiced with passion and humor, *Grant Me the Serenity* is the story of two sisters struggling to survive a battle with addiction as they fumble to piece together the fragments of their lives and find a way back home. **PRAISE FOR BILLIE LIVINGSTON** You must read Billie Livingston. She is the sort of writer who rejects pomp, instead dealing out the plain story in language that is undecorated by attempts to be an artiste, and which conjures place and character seamlessly. And she makes Dickens look like Little Mary Sunshine. *Globe and Mail* Livingston succeeds gorgeously in capturing the messiness and unresolvable ambiguities of familial love. *National Post* Livingstons characters are scrappers. Theyre canny and sharp and share a dark streak of humor that comes from the love of family and the communal understanding of knowing who is the enemy. *New Brunswick Telegraph-Journal* Livingston gets to the heart of human need, with all its confusion and messiness and she does so with textured emotion and blistering prose.

Quill and Quire Livingstons characters are gems of dysfunction, unassumedly flying their freak flags at full mast, but ultimately undone by their prosaic surroundings. *The Westender* ..readingany kind of readingwakes up your mind to the equal and opposite extent that TV puts it to sleep. And thats especially true when what your reading is as eloquent and insightful as Livingstons work. *The Georgia Straight* Livingston writes beautifully, even soulfully. *January Magazine* Shes a damn solid writer who will make your head spin and your knees buckle....she has a way of capturing the push and pull of family dynamics, and demonstrating the way some fleeting events can linger with us, like bleeding tattoos. *Broken Pencil* Livingston has made her rep as one of the most dangerous writers you will ever be lucky enough to encounter. *The Vancouver*

Review Livingston has a talent for the defining element...Throughout, the writing is deftly observational. Calgary Herald (Livingstons) stories are generous and wistful as they borrow and return delicate family secrets without breaking them. Toronto Star Billie Livingstons characters are all shambling wit and rag-dog charm. Theyre good people who cant quite see straight. Grant Me the Serenity is a tough story about being fragile, and its tale of lives ravaged by addiction haunts us like the sound of clinking bottles from the apartment down the hall. Mike Heppner, author of The Egg Code and Pikes Folly
