

## Football Dreams (Book One - Childhood Dreams Series 1)

A young boy is determined to become the best quarterback in the world, no matter what. But can he copy his favorite quarterbacks bad habits and still make it to the big league? A funny story, full of pratfalls - perfect for fans of A Diary of a Wimpy Kid and Big Nate. Appropriate for readers of all ages. Read-aloud time is approximately 20-minutes. The sophistication of this book and its concept is amazing considering the fact that it was written by an eight-year-old author.

\_\_\_\_\_ This book is the first volume in the Childhood Dreams series, a collection of tales in which a young boy tries his hand at different things in life, but almost always goes about things the wrong way. The next book in the series, RACE CAR DREAMS, is available now!
