

Please Feed the Penguin: SEO Dos and Donts

The process of improving websites to gain a better position on search engine results pages (SERPs) is called search engine optimization, or SEO. Sneaky low down SEO tricks are called black-hat SEO; site-improving and index-enhancing SEO methods are termed white-hat SEO. With a consistent 65% share of all Web searches, Google's methods of ordering search results are a key topic for SEO. Google's frequent changes in its ranking algorithm aim to discourage black hat SEO. The company does not object to white hat SEO.
