

Sally and the Purple Socks

Sally's Purple Socks: They keep growing and growing and growing . . . Sally's purple socks have finally arrived and she can't wait to try them on. Oops, she forgot to include the size when she ordered them. But they're so warm and comfortable. She lounges in them, cleans house in them, even dances in them. But wait, is it just Sally or are her socks . . . growing?! And growing! A Dry Clean Only takes on a whole new meaning in this adorable and wonderfully illustrated tale about an out-of-control pair of socks and their enchanting owner. A genuine delight for children.
