

Shoo! Scat!

Professor Flugel is determined to keep Gray Squirrel from eating from his birdfeeder. But Gray Squirrel is just as determined to have breakfast at Professor Flugel's expense. When a super-soaker water gun, an alligator-filled moat, and an un-climbable metal pole fail to deter the pesky rodent, Professor Flugel has his best idea yet: he invites Gray Squirrel inside for tea and toast, and the two watch the birds together. Filled with many illustrations of Gray squirrel in a raincoat, hot air balloon, and full scuba gear, this off-beat tale is sure to make young readers chuckle.
