

Google Webmaster Tools for beginners (Practical SEO Book 3)

Google Webmaster Tools provides you with data, tools and diagnostics for a healthy, Google-friendly website. Given that around 87% of people start their search online in Australia with Google, its kind of important to have a Google-friendly website. Once you have Google Webmaster tools embedded, through its dashboard, Google will let you know what else you can do to your website to make it perform better on the search engines. In this simple guide we will discuss several ways in which you can make maximum use of Google Webmaster tools to achieve success as far as SEO is concerned. We will also learn how to follow the simple guidelines stated by Google.
