

Second Mexican Meeting on Mathematical and Experimental Physics (AIP Conference Proceedings)

The Second Mexican Meeting on Mathematical and Experimental Physics brought together scientists from many different fields. The Meeting was divided into three Symposia: (i) Materials Science and Applied Physics, (ii) Statistical Physics and Beyond, (iii) Gravitation and Cosmology. This CD-ROM contains the complete proceedings from all three Symposia. The Symposia are also available separately as printed books, published in AIP Conference Proceedings Volumes 757, 758, and 759.
