

Tiger Baby

One day Tiger Baby sets off all by himself to try to see the white mountains that lie beyond the horizon-the same mountains Tiger Babys mother tells stories about at night under the full moon. Soon he is joined by a kingfisher and a red panda, and the three friends embark on a grand adventure. They are chased by a grumpy leopard, plunged into a chilly lake, and helped on their journey by a brave elephant. Susi Bohdals appealing animals add an extra measure of warmth to this sweet story about youthful curiosity
