

SEO Optimization: Google Insiders Secrets to Search Engine Optimization

Here The Google Search Engine Optimization Insiders Secrets That Will Blast Your Website to the Top of Google You may be wondering who am I and what qualify me to give you search engine optimization advice. Well, my name is Meir Liraz. You may have stumbled on my name on the internet, probably in relation to my activities as a writer and publisher of business guides. This is just one side of me, the visible one. There has been another side to my online presence, a concealed one, as a leading player in the internet marketing arena. Ive been an active internet marketer since the first days of the Internet, back then the reigning search engines were dinosaurs bearing names like Alta-Vista, Infoseek and Lycos, while Google was just a vague idea in the minds of two brilliant Stanford students. As I dont believe in theories and opinions, Ive been constantly testing dozens of SEO ideas, strategies and variables - white hat and black hat and grey hat. Some proved to be successful while others bombed (and served me well as learning experiences). I mustve been doing something right as I managed to accumulate along the way a seven figure fortune. The bottom line is that Ive come up with the perfect Google SEO strategy. I know exactly what works and what doesnt - and now Im going to share all of my Google SEO knowledge with you here in this book. Why reveal my methods now? Well, Im semi retired and Ive made enough money so that my kids do not have to work one more day in their lives (if they so desire). Ive had my blessings and now I want to help others succeed as well, this is my way to give back. Now look, 99% of the folks who try to make it on the Internet follow the same rout, the same set of activities. They all move in one big herd. Listen, In the highly competitive online arena, when you do the same things as anyone else you dont stand a chance to succeed - you are doomed. In

order to win the search engine optimization battles you must go off the beaten path, you need to do something different, you need a competitive edge - and that is where the SEO strategies presented in this book come into play. This guide will give you that unfair advantage to boost your sales, pile up profits and leave your competitors in the dust. Look, in order to make money on the internet you need to get noticed by Google and you need to climb up the search engines results pages (SERPs). Unfortunately Google gives preference to large and established sites. The little guy with a relatively new or small website does not stand a chance. You could of course go the natural route. That will take you about 5 years to establish a site that will be liked by Google. I don't know about you, but I prefer to start making money with a new site much earlier than that. That is why you need to take some unconventional measures - you need to be a little more creative. Sound complicated? don't worry, in this book I'll give you exact instructions as to how to do it right. The Google search engine optimization strategies I show you in this book are the easiest, fastest, most effective ways to get your website rank high on Google search results pages.
