

Shattered Image

Forensic sculptor Toni Sullivan's job takes her to crime scenes to put faces to victims. Shaping the clay always gives her a sense of purpose and order, but that all changes when she feels a mysterious connection to the victim found on Red Bud Isle. When Toni accepts another assignment that may officially prove an old friend is dead, memories of her nursing days in Vietnam begin to haunt her. Suddenly, her calm professionalism is gone. To find peace, she'll do whatever it takes to unmask a murderer. But where will she find the strength to handle the traumatic legacy of the past?
