

Pond Thing - A Day in the Life of a Hungry Frog Living in a Pond

A hungry frog looks around the pond and sees all the other creatures that live there as potential meals. What happens, though, when something else thinks he looks yummy? Pond Thing, the delightful new picture book by author-illustrator, Heather Maurice-Stirnweis, introduces kids to life on a pond and the creatures that live there. The first in a series of environment-themed picture books, Pond Thing follows Heathers earlier books, Ruby Jane - Is She REALLY a Pain? and In the Deep, Dark Woods: A Winter Counting Book.
