

Starting Out in Shares: The ASX Way

This comprehensive book, authored by the expert Australian Securities Exchange (ASX) team, is aimed at both would-be or beginner investors, and investors familiar with the sharemarket who want to exploit it to accumulate wealth. It aims to teach readers how to effectively use shares to build a financial future. The book covers where to find sharemarket information; how and when to buy shares, tried-and-tested stock selection methods; trading within a strategy and taking the emotion out of decision making; managing a portfolio; plus lots more. It replaces two existing books in the //ASX Way// series: Starting out in Shares//(ISBN 0731401980)and Trading the Sharemarket//(ISBN 0731401972). The book will include information from both titles, offering readers two publications in one.
