

The No B.S. SEO Book For Your Business (Snarky Books Series 1)

If you are a small business owner looking to understand SEO in a simple and easy manner, this book will help you and save you from pulling your hair out. It has a comedic edge to it but make no mistake, this book will absolutely give you the tools you need to be successful. Why this book is different is because it is not written in some tech head jargon you cant understand. It is written so anybody just learning what SEO means can do the steps!

I also give away a lot of FREE tools that are online that will bust your business out! You wont be like everybody else so you will stand out to make you the influencer for your business! Read this book and you will find: Ideas for generating traffic to your business Tips on how to use video to make sales (Free tools!) Making it easy for your customers to find you How to understand backlinking and why its mega important What RSS Feeds can do for you (Free tools) Instant fixes to your website that will get you seen online by Google and your customers. This information is worth WAY more than the book. Hints for making you the authority for your industry And there is a method so easy and so underused to bring traffic to your business to make you the influencer and make more money! I cant believe I am giving this away this info for FREE.! You are going to get practical marketing tips that if you put these ideas into place, you will get noticed online for your business! Tim Vasquez is a top ranked SEO/Social Media Influencer in the Dallas Fort Worth area in Texas. Good luck, my friends!
