

Get More Dates: How To Naturally Attract The Kind Of Women You Want (Volume 1)

Find Out What Women Really Want The rules that apply in the game are mostly counter-intuitive and this is one of the reasons many men are left scratching their heads in trying to figure out the behaviour of women when it comes to choosing mates. When you figure this out you'll see that there is really no complexity. You just need to change the way you see things.

Attraction Is Caused By Value In basic terms value is anything that helps you and your offspring to survive and reproduce. Aside from that, value is anything that provides good feelings. We are programmed to be drawn towards what's of value to us. Hence to be attractive to women you have to learn how to convey your value, or rather, avoid doing things that diminish your value. When a woman meets you she has the same motivations as you regarding what she wants however there are caveats: There needs to be sexual tension to enable her attraction to grow and you have to be non-needy, because neediness from a man literally nukes attraction inside her. You'll learn in this book how to avoid this. Learn How To Effortlessly Allow Attraction To Build Don't chase an outcome. The natural outcome of the mating dance is sex because women want sex too! So you don't need to do anything special or try to seduce her once this dance has commenced, because things will naturally progress to sex anyway, if you just let go of trying to control the outcome. Learn more about this in Get More Dates.

Easily Handle And Eliminate Tests Being congruent means your thoughts, words and actions are in alignment. Eliminate tests as an issue by being authentic. When you're being true to yourself, that is not afraid to be yourself, women hardly test you because subconsciously you're not triggering that part of them. Learn how to eliminate tests as an issue forever in Get More Dates.
