

The Berenstain Bears Lost in Cyberspace

Computers in the classroom send the Bear Country cubs into cyberspace. The cubs of Bear Country School are in for a real surprise when Squire Grizzly gives each student a computer. With the discovery of the Internet, everyone starts to lose focus and forget to do their schoolwork. Teacher Bob struggles to bring the pupils out of cyberspace and back to Beartown and teach them the importance of real-life interaction before it's too late.
