

Chances We Take, Choices We Make

Chances We Take, Choices We Make by Richard G. Flores offers young Christian adults a practical guide to navigating Christian life through the Word of God. Living a holy Christian life can be difficult as a young adult, and the author lends valuable advice. Using his own personal experience as a youth pastor, the author directs young adults toward identifying their goals, planning for personal growth, studying for spiritual growth, and renewing their relationship with God. The book addresses important topics: commitment to Christ, decision making, relationships, temptation, homosexuality, marriage, and lust. The author includes biblical references to support his advice and add inspirational verses. A motivational book for those seeking direction, the book clearly lays out the most difficult decisions that Christians must make, and how to see their consequences. A funny, heartfelt, inspiring nonfiction book for men, women, and young adults, the book is Christian nonfiction at its best.
