

The Coolest Wackiest Science Experiments Ever!: (with stuff from around the house or from your local grocery store)

The Coolest Wackiest Science Experiments Ever!: (with stuff from around the house or from your local grocery store)

2nd Edition - now over 50 experiments! Slime, naked eggs, lava lamps, dinosaur toothpaste, and soap that grows to the size of a football! Run to the kitchen table and pull out the secret ingredients that will get your kids addicted to science. In this book you will find over 50 low cost science experiments that are rich in fun and learning. Consider using this as an evangelistic gift...the last page includes the Good News.
