

The E-Aligned Enterprise : How to Map and Measure Your Companys Course in the New Economy

As the old iWorld (industrial) merges into the eWorld (electronic), many companies feel shaken to their roots, unsure of their current effectiveness or their ability to succeed in the future. Jac Fitz-enz's innovative new book helps readers understand, align, and measure performance in the three key areas that determine success in today's fast-moving, information-driven organizations: 1) Leadership - fundamentals for effectively leading others into eWorld. 2) Strategy - how to embed connectivity, innovation, and customer focus into the plan. 3) Human capital - how to become an employer of choice and how to integrate knowledge and learning.
